

Harvard's Allston Campus Open Space Framework

Harvard Yard 1775

Open Space Hierarchy

Grass, Trees, Pathways

Variety

YARDS AND GREENS

The landscape elements of these spaces consist of the structured use of lawn and trees arranged to create a simple floor plane and ceiling.

USED | TREES, LAWN, PEDESTRIAN PATHS

NOT-USED | SHRUBS, FURNISHINGS

CHARACTER | FUNCTIONAL OPEN SPACE

GARDENS AND COURTS

Landscape elements in these areas consist of specimen trees, border plantings, and occasional fountains or sculptural features. Eclectic and often asymmetrical arrangement of the landscape elements gives this type a distinct character.

USED | SPECIMEN TREES, LAWN, SHRUB, FURNITURE, ORNAMENTAL FEATURES, PEDESTRIAN PATHS

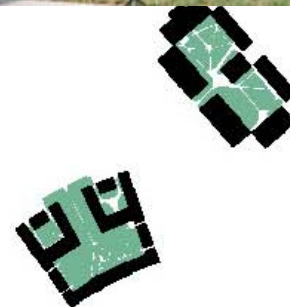

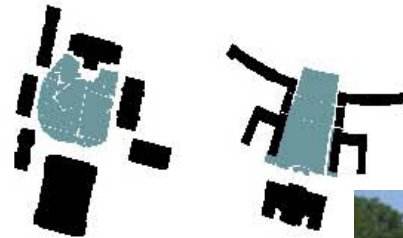

CHARACTER | LEISURE INTIMATE SPACE
